

Health Care Call System

Pro-Alert™ 640 Nurse Call System

Description

Professional Health Care facilities require versatile solutions for their internal communication needs.

The Jeron Pro-Alert™ 640 Audio-Visual Nurse Call System employs microprocessor-based technology to provide a modular, adaptable solution in a single system.

- Microprocessor Controlled with Modular, Expandable Design
- Capacity for up to 384 Rooms with Multiple Patient Stations in each Room
- Capacity for Six Independent Master Consoles
- Multiple Two-Way Talk Channels Between Masters and Rooms
- Radio Pocket Page Option with Full Alpha-numeric Call Messages
- PC Computer Option for Archiving Call Activity from One or More Systems
- PBX Interface Option Allows Remote Answering of Room Calls
- Interface for Public Page Through Corridor Ceiling Speakers and All-Call on Room Stations
- Annunciation of Three Distinct Priority Levels: ROUTINE, URGENT, and EMERGENCY
- Standard Power Supply or Optional Battery Backup
- Continuous Electrical Supervision of All Room and Master Stations
- Built-in Diagnostic Indicators
- Multiplexed Master, Zone and Duty Stations for Reduced Wiring

- Electro-static Discharge (ESD) Hardened for the Healthcare Environment

Master Stations

- Clear, Crisp, Two-Way Audio with Handset or Panel Speaker/Microphone
- Display of Programmable English Call Messages on LCD Screen
- Display 100% of Calling Stations on Ultra-Bright LED Field
- Ease of Operation with One Console Select Button for each Room
- Auto-Answer Calls with Handset or Console TALK Button
- Call Forward/Staff Follower Alerts Roving Staff to Calls
- Night Transfer of Master Console Calls Allows Flexibility During Reduced Staffing

- Master-to-Master Communication
- Programmable Chime or Standard Tones at Master Stations
- Spillproof Membrane Panel Switches
- User Selectable Group Page and Monitor
- Ability to Set Three Levels of Patient Station Call Status: ROUTINE, ROUTINE LOCKING and PRIORITY
- Digital Volume Control Buttons Eliminate Knobs and Levers
- Ability to Set Patient Audio Privacy

Room Stations

- Full Selection of Callcord, Pullcord and Pushbutton Stations
